

# 9<sup>th</sup> Biennial International Conference on Technology Education Research

Creating contexts for teaching and learning in Technology  
Education

**Research + Practice + Innovation**

**Held in conjunction with the 3rd DATTA Australia  
National Conference**

**Thursday 1<sup>st</sup> December – Saturday 3<sup>rd</sup> December, 2016  
University of South Australia, Magill Campus**

- Technologies Curriculum – teaching & learning in a context
- STEM as a teaching focus integration into the school context
- Innovation in teaching Design and Technologies
- Sustainability

This is a conference aimed to engage, challenge and excite the researcher, the practitioner & industry partners in Technologies education.

**Hands on workshops showing best practice, research sessions discussing current issues and future directions**

Business & Industry partnerships – Advanced manufacturing as a context

We are delighted to announce that the Call for Papers for the DATTA Conference is now open. The closing date for papers is 30 June 2016. For more information on paper submission please email:

Howard Middleton - [terconf2016@gmail.com](mailto:terconf2016@gmail.com)

To Register to attend go to: <http://tinyurl.com/q7zmk44>
