A call for PRESENTATIONS

Application for presentations at the 3rd National DATTA conference to be held at the University of South Australia Dec 1-3rd 2016 are now being called for.

With the National Curriculum at the stage that it is, this is a great opportunity to showcase the INNOVATIVE work you are doing in your school, your region and your state and share ideas with your interstate and international colleagues.

Many excellent classroom practitioners don’t think of their work as something to be presented at a conference. This is not the case. If you have an idea for a presentation, workshop or poster session but are unsure, drop me an e-mail (Larry.spry@unisa.edu.au) and I will give you feedback. Presenters of sessions accepted for the conference will receive a formal invitation to present, which I find is helpful in gaining funding support.

National Conference
Technologies Education

Adelaide, December 1-3, 2016

Application for Participation in 3rd National DATTA Conference, Adelaide, South Australia December 1-3

DATTA Conference Theme: Creating contexts for learning in Technology Education

University of SA Magill Campus 1st Dec to Dec 3 2016

* Technologies Curriculum – teaching & learning in a context
* STEM as a teaching focus integration into the school context
* Innovation in teaching Design and Technologies
The DATTA Conference Committee invites proposals for 3 kinds of sessions at the national conference:

1. **General conference presentation.** These are designed to allow the presenter to share examples of best practice. The presentation would have 40 minutes for presentation and questions.

2. **Workshop presentation.** These are designed for presenters who want to engage the audience in activities that relate to a particular way of presenting a lesson. The workshop would have a total of 40 minutes.

3. **Poster session.** These are intended to allow the presenter to display their work in a setting that encourages discussion and interaction with conference participants. A longer time slot is scheduled for poster presentations.
